

## Field Program for August, 1910

"It is fitting that record should be made in the Field Program of the Forest Service temporary employees lost in fighting the great fires of August. The bodies of the killed were of necessity interred temporarily where they were found. All were unclaimed by family or friends will, as soon as suitable arrangements can be made, be given burial in graves within enclosures upon National Forest administrative sites. Members of the Forest Service are contributing to provide for this and for marking the graves with simple but permanent memorials. (Follows the names of 23 identified dead, and 35 unidentified bodies with the supposed list of names.

"Ten bodies of fire fighters of unknown names were found, as follows: On Big Creek, Coeur d'Alene National Forest, 8; Placer Creek, Coeur d'Alene National Forest, 1; near Stevens Peak, Coeur d'Alene National Forest, 1.

"From the Setzer Creek crew, Coeur d'Alene National Forest, James Kerr is reported missing.
